

Serial No. 10/812,160  
Amendment Under 37 CFR §116 dated January 19, 2005  
Response to Final Rejection dated November 30, 2004

**Amendment to the Claims:**

This listing of claims will replace all prior versions, and listings, of the claims in the application:

**Listing of Claims:**

Claims 1-37 (canceled)

Claim 38 (currently amended) : A food package which comprises a container having an open portion and a multilayered film sealing the open portion, which multilayered film consists essentially of ~~comprises~~:

- a) a nylon film having first and second surfaces;
  - b) a sealant film, positioned on the first surface of the nylon film, either directly on the first surface of the nylon film or via an intermediate adhesive;
  - c) an antifog composition contained within at least part of the sealant film or coated on a surface of the sealant film opposite the nylon film; and
  - d) a protective film applied onto the second surface of the nylon film, said protective film being selected from the group consisting of polyvinylidene chloride, polyurethanes, amine modified polyurethanes, epoxies, polyesters, acrylics, polyols and combinations thereof;
- the multilayered film being positioned such that the protective film is away from the open portion of the container.

Claim 39 (original): The food package of claim 38 wherein the nylon film comprises nylon 6.

Claim 40 (original): A packaged food which comprises the food package of claim 38 and a food product in the food package.

Claim 41 (original): The packaged food of claim 40 wherein the food product comprises a meat.

Serial No. 10/812,160  
Amendment Under 37 CFR §116 dated January 19, 2005  
Response to Final Rejection dated November 30, 2004

Claim 42 (currently amended): A packaged food which comprises a container having an open portion and a multilayered film sealing the open portion, which multilayered film consists essentially of ~~comprises~~:

- a) a first nylon layer having first and second surfaces;
- b) an ethylene vinyl alcohol layer positioned on the first surface of the nylon layer;
- c) a second nylon layer positioned on a surface of the ethylene vinyl alcohol layer opposite the first nylon layer;
- d) a polyethylene sealant film, positioned on a surface of the second nylon layer which is opposite to the ethylene vinyl alcohol layer;
- e) an antifog composition contained within the sealant film or coated on a surface of the sealant film which is opposite the second nylon layer; and
- f) a protective film applied on the second surface of the first nylon film, said protective film being selected from the group consisting of polyvinylidene chloride, polyurethanes, amine modified polyurethanes, epoxies, polyesters, acrylics, polyols and combinations thereof;

the multilayered film being positioned such that the protective film is away from the open portion of the container.

Claim 43 (previously presented): The packaged food of claim 42 wherein said protective film comprises a polyvinylidene chloride.

Claim 44 (previously presented): The packaged food of claim 42 wherein said protective film comprises a polyurethane.

Claim 45 (previously presented): The packaged food of claim 42 wherein said each of said first and second nylon layers comprises a nylon 6 film.

Claim 46 (previously presented): The food package of claim 38 wherein said sealant film comprises a polyethylene.

Claim 47 (previously presented): The food package of claim 38 wherein said protective film comprises a polyvinylidene chloride.

Serial No. 10/812,160

Amendment Under 37 CFR §116 dated January 19, 2005

Response to Final Rejection dated November 30, 2004

Claim 48 (previously presented): The food package of claim 38 wherein said protective film comprises a polyurethane.
